

Checklist

The following checklist should be submitted by referring to the manuscript submission criteria of the Journal of Bacteriology and Virology when submitting a manuscript.

1. Order in which the paper appears shall be as follows with each section starting in a new page:	
Title	<input type="checkbox"/> Yes
Abstract	<input type="checkbox"/> Yes
Introduction	<input type="checkbox"/> Yes
Subjects or Materials and Methods	<input type="checkbox"/> Yes
Results	<input type="checkbox"/> Yes
Discussion	<input type="checkbox"/> Yes
Acknowledgement	<input type="checkbox"/> Yes
References	<input type="checkbox"/> Yes
Figures and Table legends	<input type="checkbox"/> Yes
Figures and Tables	<input type="checkbox"/> Yes
2. Title	
The title page should contain the title of the manuscript, names of the authors, corresponding authors indicated by asterisk, complete names of all institutes and their addresses, telephone and facsimile numbers, and e-mail address of the corresponding authors with a short running title (less than 5 words).	<input type="checkbox"/> Yes
3. Abstract	
The abstract should be written in English, contain no more than 250 words, and be presented succinctly and clearly for the purposes, methods and procedures, and significant results of the experiments. A list of less than five key words should also be included at the bottom of the abstract page.	<input type="checkbox"/> Yes
4. Acknowledgement	
Acknowledge financial assistance and personal assistance in short paragraphs. The usual format for grant support is as follows: "This work was supported by Basic Research Grant GE-016-2 from Korea Academic Foundation."	<input type="checkbox"/> Yes
5. References	
References should be numbered consecutively in the text as parenthesis (NLM style). They should be listed in the references section and should be written in English. Journal names in the references section should be abbreviated in accordance with Index Medicus style. All other references should be listed as shown in "Uniform Requirements for Manuscripts submitted to Biomedical Journals. 5th ed". (JAMA 1997; 277:927-34). 6. Figures	
<p>In any cases of manuscripts, figure legend should be described in English on a separate sheet according to the order of figures. Figure legends should contain a single key sentence and descriptions in detail. Every symbol should be defined.</p> <p>Place each figure on a separate page. Figures or photographs should be submitted at the highest quality. They should be well developed or printed on a high glossy photo paper for the best reproduction. When line drawing is necessary in figures, use standard symbols (○, ●, □, ■, △, ▲) in preference. Tag each figure with its own order number (Fig. 1, Fig. 2, ---). Attach the figures to the end of the original manuscript with special care for safe delivery.</p>	<input type="checkbox"/> Yes
7. Table	
<p>Tables are numbered in the order of appearance in the text. Every table should have clear and succinct headings on the top. Explanatory footnotes should be placed below the table and are designated by superscript lowercase letters (a, b, c, d ---, listed in order of location when the table is read horizontally). Tables, very complex or hard to reproduce by hand typing, should be submitted in "camera-ready" form at the highest quality.</p>	<input type="checkbox"/> Yes
<p>I certify that the above information is true and correct.</p> <p>Every author took a certain role and made contribution to the study and the manuscript. In case of publication, I agree to transfer all copyright ownership of the manuscript to the Journal of Bacteriology and Virology to use, reproduce, or distribute the article.</p>
